4-H Exhibit Written Explanation Example

Name: Ann Stolley Class #: Dept. 6, Class 10304
Club: X Project: Decorated Frame
Grade Completed: 5 Years in Project Area: 2
Junior

What did you plan to learn or do?

I wanted to make a picture frame that let me use some old buttons and beads that I had. I also wanted a frame that matched my favorite picture of my dog.

What steps did you take to learn or do this?

I found a flat picture frame that I could glue buttons and beads to with white glue because I don't like to use a hot glue gun. I picked beads and buttons that matched the background behind my dog. I put enough beads and button on the frame to cover the entire frame. Then I put some ribbons on the frame on the corners to make it look finished.

What were the most important things you learned as you worked toward your goal(s)?

I learned to work slowly because I kept knocking off the buttons and beads when tried to go fast. I learned that not all of the beads and buttons look good together so I needed to carefully pick the ones that looked good together.

What would you like to do in this project area next year?

I want to make a painting of flowers or trees.

If your exhibit is a Visual Arts, Home Improvement, or Clothing exhibit, it is highly recommended that you complete the following. Please identify the design elements and/or art principles used in the exhibit and how they are used.

The design element that I used was color. I wanted to make sure that the colors that I picked to use on my frame matched, but I didn't want them all to be the same color either. The design principle that I used was proportion. There were some buttons that I really wanted to use, but I couldn't because it would not make the project proportionate. One side would be more important than the other sides.

Copyright logos, designs, or trademark materials should not be used for exhibits on public display at a fair or other setting without written permission. If written permission has been obtained for an exhibit, it should be submitted with the exhibit. Provide proof of permission and list the sources you used for your project (books, magazines, people, projects you have seen in a store, craft shop, etc.) See conference judging rule #18.

General Financial Summary

- Beads and buttons - \$3.25
- Frame - \$2.50

SHOWMANSHIP

Junior, Senior and Winners

1. Junior Showman – under 14 years of age as of the day of the show.
2. Senior Showman – 14 years of age & over as of the day of the show or previous Junior winner.
3. Winners Showman - A Junior winner may advance to Senior level regardless of age the following year. Once an exhibitor wins senior showmanship they may participate in Winners showmanship the following year. Once an exhibitor is eligible for winners showmanship they may participate in

winners every year for the remainder of their years exhibiting at the Poweshiek County Fair. An exhibitor may win winners showmanship unlimited times.

4. Each exhibitor is required to show their own animal.
5. Previous winners in showmanship are not eligible to participate in the same age division. Exhibitor can only win his/her age group once.
6. Exhibitors must enter & exhibit in at least one class to be eligible for showmanship. Class entered & exhibited in must be in the same division as showmanship entered.

An exhibitor may not participate in more than one showmanship class per year per species. Example: A junior winner cannot participate in senior showmanship the same year they win junior OR a senior winner cannot participate in winners showmanship the same year they win senior.

Horse Division – See #10 in the horse department rules for specific showmanship age/grade breaks. All other showmanship rules apply.

Supreme Showmanship Competition Rules

The Supreme Showmanship Contest will be a competition for the best overall showman of five animal species – beef, sheep, goats, swine and horses. Contestants will show all species, including the species for which they qualified for. **All 5 qualifiers will be announced following the sheep show on Saturday evening.** For questions contact the fair office.

- Each class in a particular species will be judged according to guidelines and practices of acceptable showmanship for that species. Exception for attire, see details below.
- A contestant has the option to not show a species if they feel uncomfortable handling the animal. In that case, the exhibitor(s) will be given 5th place for that species.
- Tie breaker will be determined by the total number of individual placings within the Supreme Showman contest starting with 1st place, then 2nd place and then 3rd and so on if there is still a tie.

- Judge(s) will be judging solely on the individual's showmanship ability and not on the presentation of the animal
- Judges will be limited to approximately 15 minutes per species class to judge and place the participants
- Judges' decisions shall be final
- Scores will not be made public
- Attire should consist of a neat appearance with an FFA or 4-H shirt, exhibitor number and boots. A cowboy hat is not required for showing horses.

Animals will be chosen by the species Superintendents. The exhibitor of each species will NOT be permitted to show their own animal in the species they represent. Exhibitors will be notified which animal they will be showing right before the class begins to ensure fairness for each contestant (that way there is no "practice time" before entering the show ring). The owner of the animal cannot talk to the exhibitors when handing off the animals.

- Consent from the owner shall be obtained before any livestock is used in the contest
- Superintendents are responsible for making arrangements with the owners to have the animals at ring side with the necessary show equipment (halter, lead line, show stick, whip...)
- Animals will be clean and presentable
- No animals will be clipped or fitted specifically for this class
- Judge(s) will take not the fitting of the animal into consideration since exhibitors will not know which animal they will be showing until just before they are ready to enter the ring

To qualify, win one of the showmanship classes (junior, senior, intermediate or winners) for a species. The judge will then rank the winners and the top eligible exhibitor will represent each species in the Supreme Showmanship Competition. Qualification will be done by the judge after the completion of all showmanship classes. There will be an additional qualifying class. Junior, Intermediate, Senior and Winners showmanship winners will return to the ring/arena to compete for Supreme Showmanship qualifier. **Qualifiers will not be announced until after the conclusion of the sheep show on Saturday evening.**

- If the top eligible exhibitor declines or is ineligible to participate, the next highest placing exhibitor for that species shall represent the species.
- What could make an exhibitor ineligible?
 - Exhibitors can only represent one species. If selected for more than one species, they will decide which species to represent. The next highest exhibitor (for the species not chosen) is then eligible to compete.
 - Supreme Showman winners from prior years are ineligible to participate *for the same species they qualified for when they won*. They can qualify, show, and win with a different species.
 - For example, if an exhibitor won Supreme Showman and the qualifying species was swine then all future years competing, the exhibitor may not qualify for the Supreme Showman Competition again with swine. The exhibitor is eligible to qualify for the competition with another species. Keep in mind that if the exhibitor qualified in a prior year for swine and did not win, then they may qualify in future years with swine.
- Sportsmanship is a must
