

Values

The Poweshiek County Fair Board of Directors takes pride in having updated facilities to support the youth and their animals during county fair. We want to make the Poweshiek County Fairgrounds a place where everyone wants to show and is accessible for all.

The existing covered show ring is now 40yrs old.

New posts have been added to the deteriorating posts.

Money donated will be used towards a new, larger covered show ring.

By attaching the show ring to the exhibit building we will have handicap accessible bathrooms, storage space, and a dedicated meeting room, all of which the fairgrounds hasn't had before.

OUR GOAL

The goal of the addition to the Exhibit building and the new indoor show arena is to have a nice facility where weather isn't an issue and be able to host larger shows. Updating spaces makes it safer for animals and youth to have a successful show event.
